Bangalore Town Municipal Budget
for 1875-76

Memorandum

The Deputy Accountant General in returning the Budget Estimate of the Bangalore Pettah Municipality for the year 1875-76 forwarded to him with this Office No. 7193 of the 18th ~~December~~ January 1876 states that the actuals of receipts and disbursements therein entered are correct.

2. From the Statement herewith submitted it will be observed that the estimated receipts for the year amount to Rupees 59594 exclusive and to Rupees 69594 inclusive of the previous year's Cash balance of Rupees 10000. The expenditure budgetted is Rupees 68594 being more than the estimated receipts of the year by Rupees 9000 and less than Rupees 1000 including the previous year's

Surs.

Will please to direct the Surplus of Rupees 2,000 which forms the opening balance for the Coming Year.

From the Comparative Statement shewn in the Margin it will be observed that there is an increase or decrease in very trifling calls for no special Remarks. The Figures budgetted for by the President may therefore be sanctioned.

The Collection of Octroi Duty on Tobacco, Betel Nuts &c. &c. are the Items which have increased over the Estimate of the Current Year by Rupees 1897 and this increase calls for some explanation.

6. Under this Head, instead of (there being a decrease for the reasons stated in para 4 above) there is an increase of Rupees 168 for which no explanation has been offered.

explanation is afforded. The addition in question may be declined and the last years provision may be allowed to remain without any reduction which properly speaking should be made equal to the value of the wages of the Servants employed in collecting the Octroi duty hitherto.

7 The small addition of Rupees 48-- made to the Head Office Charges may be allowed although the nature of the charge is not explained.

8. The provision under the head of Public Works exhibits a decrease which shows that the Municipality are not fully alive to the wants of the town in respect of sanitation. The Presidents attention may be drawn towards the adoption of such measures as are necessary to secure this object The filthy state of some of the streets of a low character and the unsatisfactory condition of its roads have already

been brought to the notice of the Board.

9 The increased provision under the head of Miscellaneous was made to enable the Municipality to meet the first instalment of the loan applied by it for the improvement of the main drain in the town and it calls for no remarks

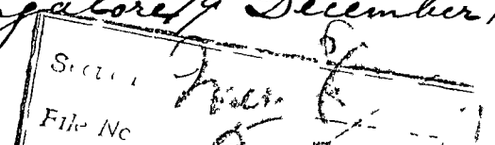
No. 331

Office of the Town Municipal Commissioner
Bangalore 9th December 1875



From

The President
Town Mun. Commissioner
Bangalore

To

The Secretary to the
Chief Commissioner of
Mysore

Sir,

In submitting for the Chief Commissioners sanction Budget Statements Nos. I & II of the Town Municipal Commissr for the year 1875-76 together with an extract from the Proceedings of the Board under date the 27th Ultimo I have the honor to offer the following explanation regarding the following Items

2 Rupees 21,500 or Rupees 1125—11—8 ~~entered~~ in excess of the actuals for the 1st half of the Current year, is entered under head "Tobacco Betel leaf and Betel Nut" which excess it is expected will be realized by the farming out of the said Collections as is now proposed to be done

3 An apparent deficiency is shewn in the estimated Income under heads "Tax on houses &c." and Tax on Professions

Professions and Trades, but the actuals as shewn for 1873-74 were largely increased by arrears remaining uncollected at the close of the Previous year: and the Amounts now entered under these respective heads is believed to represent the actual Income that is likely to be realized from these sources.

4 The small increase under head "Rents" is expected to be made good from the additional stalls recently completed in the markets.

5 Only Rupees 50 is entered under head X "Fines" as the actuals for the past half of the Current year shew a large falling off under this head.

6 The increase under XI "Pounds" is owing to certain extra fees being Chargeable on Stray cattle impounded in Conformity with the Bye-Laws lately sanctioned.

7 The debit side calls for no particular Remark except in the following instances.

8 The estimate under "Charges for Collection" is calculated on the actuals of the 1st half of the Current year still it exhibits an increase of Rupees 297-0-5 over the actual disbursements of the previous year. This increase is almost entirely due to the Provision that has to be made for the Payment of the 1/3rd of the extra Establishment and which has

been

been calculated, in accordance with a statement furnished by the Cantonment Municipal Board.

9 The entry under head "IV. Police" is merely an extract from the 6 Division Police Budget received from that Department.

10 The increase under head "VII Conservancy" is owing to Provision having been made for the purchase of a certain number of new carts, the old ones being worn out.

11 The increase under head "Lighting" is to meet the Charge for an additional number of Lights as sanctioned by the Commissioners in the Boards Proceedings under date the 21st October 1874

12 An entry has been made of Rupees 2000 to provide the first Annual instalment in Repayment of the loan now asked for from Government for the enlargement of the Petta main drain

Under the above explanations I would beg the Chief Commissioners early sanction to the Budget under submission.

The Estimate for original

works

works above Rupees 500 will immediately follow.

I have the honor to be

Budget Estimates of the Bangalore
Town Mun'l Commission

Passing orders on the above

Letter No 4975 dated 29th January 1875 from the Dy Accts Genl submitting the Budget Estimates of the Bangalore Town Municipality for the year 1875/76.

---

The Offg Chief Commr approves and sanctions the Presidents Estimate of Receipts of the Bangalore Town Municipality for the year 1875/76 viced at Rs 69594 including the previous years cash balance of Rs 10000.

2. With regard to the Budget of Expenditure it is observed that the charge under the head of collection exceeds the last years Estimate by Rs 168. This increase does not appr-

called for; inasmuc as the collection of the Octroi duty on Tobac Betel-leaf, and nut having been farmed out, a diminution in the present cost of Estabt may properly be expected. The pro vision for the charges of collection should, for the above reason, stan at the last year's figs of Rs 4389. The tota Expenditure estimated by the President at Rupees 68594 is thus reduced to Rs 68426.

3. The provision under the head of Public works Exhibits a decrease. This indicates a want of Effort on the part of the Municipality in respect

neglected, and condition of several the streets and road within the town ha been a source of com plaint, and Mr Good trusts that measu will be taken to pre vent this state of thing
